## **PRESS RELEASE**

### **Delhi University bags the Clarivate India Research Excellence Citations Award 2021**

Keeping with the rich tradition of excellence in teaching and research, the University of Delhi has bagged the Clarivate India Research Excellence Citations Awards 2021 in the Central University category.

The Clarivate India Research Excellence Citations Awards 2021 are in their 8<sup>th</sup> edition and are awarded once every two years. Clarivate, a global leader in providing independent and reliable insights and analytics into the research profile trajectories of higher education institutions, today announced the Clarivate India Research Excellence Citations Awards. The awards recognize and honour research excellence and bestow recognition on the individuals and institutions who have made outstanding and pioneering research contributions in the designated categories. The awardees are recognized for having had noteworthy influence in their fields of research. The selections for these awards are based on the "objective criteria" in terms of the impact, which is determined after the analysis of research citations as captured in the internationally preeminent databases such as the *Web of Science*. The awards are specifically based on in-depth analysis of impacts from the *Web of Science* citation index and *InCites* – a research performance and benchmarking tool. Highly cited research publications that imply high-impact research published during 2015-2020 was an essential criterion for the analysis.

Prof. Yogesh Singh, Vice-Chancellor, University of Delhi, received the award on behalf of the University at a virtual award ceremony held on October 28, 2021. In his acceptance speech, Prof. Yogesh Singh highlighted that the research has traditionally been a significant focus area and strength of the University. The University's unwavering commitment to excellence in research is evident from the high number of publications by the faculty members each year with a number of these in high-ranking peer-reviewed international journals, including Nature and Science.

Prof. Singh lauded the efforts of researchers in the University and remarked that as head of India's premier university. He is delighted to receive this prestigious award, which he credited to the robust effort and commitment of the faculty members and research scholars of the University. He offered congratulations to the university faculty members and research scholars on this well-deserved recognition.

Scholarship and Letter of Notification for a Ph.D Research Grant  
Period granted: 1 October 2021 – 31 January 2022  
Place of study: Georg-August-Universität Göttingen, Germany

### Notification of Award of a Research Grant

Dear Lasya Tandon,

The Centre for Modern Indian Studies (CeMIS) at the University of Göttingen is pleased to offer you a four months PhD research grant under the supervision of Prof. Patrick Eisenlohr in accordance with the guidelines of the DAAD funded "A New Passage to India III" program for your research project "The impact of social media on political socialisation with reference to the processes of opinion formation among Indian voters". Grant approval is for a period of four consecutive months.

The grant will be issued to you starting on 1 October 2021 until 31 January 2022 under the condition that during this time, you will be enrolled as a PhD student with the aforementioned project at one of our partner institutions in the context of the DAAD project and that you will not pursue any additional occupation elsewhere which would conflict with a fulltime commitment to the sponsored research project.

The grant is paid monthly and is not subject to withholdings for tax and social insurance contributions. The grant contains the following funding:

Grant Funding	EUR
scholarship (monthly 1,200 Euro)	4.800
travel cost allowance (one-time payment of 1,075 Euro)	1.075
<b>Total</b>	<b>5.875</b>

You will be paid the travel allowance and the scholarship payment for the month of October 2021 in cash upon your arrival. Your scholarship for the following three months will be paid in monthly instalments to a German bank account, which you will have to open after your arrival. Please note that you are required to procure adequate health insurance as a PhD student for your stay in Germany before arrival.

Any changes in your personal and economic circumstances which may affect the terms and conditions for grant approval, (e.g. change in income, residence, occupational status etc.) should be reported in advance to the Centre for Modern Indian Studies.

Upon accepting grant funding, you are required to devote your full-time professional effort to the research project, to take part in the activities at CeMIS, and to regularly report on the progress of research within the designated time periods.

Grant funding can be withdrawn, if

- issuance has been based upon incorrect or incomplete information,
- funds have not been used appropriately.

We are looking forward to welcome you at the Centre for Modern Indian Studies in Göttingen.

Sincerely,

Dr. Karin Klenke

Dear Prof Tyagi,

The **PROFESSOR S P RAY-CHAUDHURI MEMORIAL FOUNDATION** has been established with a major objective of propagating and popularizing **GENETICS** and related areas and to promote development of scientific temper. One of the activities of the FOUNDATION is to organize once a year, a lecture by an eminent scientist who has made significant contributions in one's field. So far seventeen lectures have been held in this series, with the speakers being Prof. S. Ohno (USA), Prof. G. Padmanaban (Bangalore, India), Prof. J. Hubermann (USA), Prof. M. S. Valiathan (Manipal), Prof. Chris-Tyler Smith (UK), Dr. Lalji Singh (Hyderabad), Prof. D. Balasubramanian (Hyderabad), Prof. P. Balaram (Bangalore), Prof. C N R Rao (Bangalore), Prof. R. Gadagkar (Bangalore), Prof. Kanury Rao (New Delhi), Prof. A H Bittles (Australia), Prof. M. Schartl (Germany), Prof. P P Majumder (Kolkata), Prof. Tej K Pandit (USA) and Prof. Ajay K Sood (Bangalore), Prof. Ashutosh Sharma (New Delhi).

It gives me great pleasure to invite you, on behalf of the Governing Council of Professor S P Ray-Chaudhuri Memorial Foundation, to deliver the 18<sup>th</sup> PROFESSOR S P RAY-CHAUDHURI MEMORIAL LECTURE at B.H.U. We are conscious of your heavy engagements and responsibilities but we sincerely hope that you will kindly accept our invitation and encourage the academic community of this University and let the citizens of Varanasi feel elated by your presence. Please let me know a date convenient to you. It will be preferred if you can plan the lecture during 20<sup>th</sup> to 24<sup>th</sup> March 2018. We sincerely hope that you will kindly accept our invitation.

The Foundation will meet your travel (air fare) and local expenses in connection with the lecture.

The MEMORIAL LECTURES are widely open to all those are interested, irrespective of their field, and therefore, this lecture, on a topic of your choice, is expected to be in a semi-popular style. The lecture may be of 45-60 min duration.

Please let me have the title and an extended abstract of your lecture. The abstract would be printed and distributed to the audience. We also need a small biographical sketch highlighting your academic and other achievements.

We are looking forward to welcoming you here.

With regards,

Yours sincerely,

## CITATION

**PROF. ARCHANA SHARMA MEMORIAL AWARD FOR  
2011 - 2012**

*Prof. Paramjit Khurana* has made pioneering contributions in the areas of "Wheat and Seribiotechnology" and "Comparative Genomics". During the past decade, genetic transformation of Indian wheats has been accomplished for resistance against the cereal cyst nematode and for abiotic stress tolerance. In mulberry too, transgenics capable of withstanding salinity and drought stress have been developed. In recent years, her research activities have been focused on understanding the molecular basis of somatic embryogenesis and heat stress tolerance in wheat. In addition to participating in sequencing the rice and tomato genome, her group has sequenced the complete chloroplast genome of mulberry and used this information to resolve certain phylogenetic puzzles.

CONFERRED ON

Professor Paramjit Khurana FNA

Members of the Executive Council and the Members of the Indian Photobiology Society feel honoured to felicitate Professor Paramjit Khurana for the Professor K. K. Rohatgi-Mukherjee Endowment Award in recognition of her achievement in research in the field of Biology in general and Plant Biotechnology & Genomics in particular.

Professor Paramjit Khurana is an eminent plant biotechnologist of international acclaim. Almost all of her research career was in Delhi University. Her pioneering work on Plant Embryogenesis and Heat Stress Tolerance in Wheat, and Mulberry Genomics, gene function identification, and allele mining for abiotic stress tolerance created a lot of excitement world-wide and kickstarted a flurry of activity.

In recognition of her scholastic activities, Professor Khurana received many awards and accolades. To name a few, she is elected as Fellow of all the three Indian Academies of Science along with Prof. J. C. Bose Fellowship, DST, Govt. of India. She received TWAS prize and was admitted to the fellowship of TWAS.

A dedicated academician, Professor Khurana had contributed significantly to the development of Plantbiotechnology research in the Country and also inspired a large number of students and colleagues who are now carrying the torch of her mission.

Dear Prof. B. K. Thelma,

This is with reference to your nomination for the award of National Science Chair (NSC), a scheme of Science & Engineering Research Board (SERB), Department of Science & Technology (DST). It gives me immense pleasure to inform you that based on the recommendations of National Science Chair Advisory Committee (NSCAC), you have been selected as a National Science Chair (Mode I). Please accept my felicitation for this recognition. I am sure that the award will enable you further to continue your outstanding research and also the mentoring of young scientists, researchers and students.

National Science Chair (Mode I) will receive a fellowship amount of Rs.1,50,000/- per month and research grant of Rs. 25,00,000/- per annum, and it is for a period of three years duration.

It is to apprise you that one can avail NSC only if not in possession of another fellowship/award from SERB or other funding agencies in India or abroad. It is required that one joins within six months from the date of this award letter.

We will appreciate receiving your acceptance of National Science Chair at your earliest convenience.

Dr. Rajeev Mehajan, Scientist-G, Programme Advisor, SERB, will write to you soon and provide the further details about the Chair and necessary documents needed at your end for the commencement of NSC.

With best regards.

Date: 1 November, 2021

Dear Dr Thelma,

Greetings from the Karnataka Science and Technology Academy.

I am happy to inform you that the Karnataka Science and Technology Academy, a Unit of Department of Science and Technology, Government of Karnataka, has conferred on you the Prof. C.N.R. Rao KSTA Lifetime Achievement Award in Science, Technology, Agriculture, Engineering & Medicine (STEAM), for the year 2021, in pursuance of the decision of the Executive Committee at its XIV Meeting held on 29<sup>th</sup> October, 2021. The Award, conferred in recognition of your lifetime contributions, carries a Gold Medal, Certificate, Cash Prize of Rupees One lakh, along with the Honorary Fellowship of the Academy. Please accept my congratulations on this honour.

The Honorary Fellowship, apart from invitations to all programmes of the Academy, entitles you to nominate scientists, technologists and science communicators of repute of Karnataka origin, to the Awards, Honorary Fellowships and Fellowships, in the twelve Domains of the Academy (two per domain per year), on an annual basis. Further, nominations may also be sent for paid Individual Associate Memberships of reputed academicians/researchers in the prescribed proforma, throughout the year.

The Award and the Honorary Fellowship would be formally presented at a Ceremony in Bengaluru during December, 2021, that would be informed in due course. I request you to make it convenient to receive the same and seek your association and guidance in the endeavours of KSTA of 'Science for Society'.

With best regards,

Yours sincerely,

Sub: National Science Chair Mode-I

Dear Prof. B. K. Thelma,

This is with reference to your nomination for the award of National Science Chair (NSC), a scheme of Science & Engineering Research Board (SERB), Department of Science & Technology (DST). It gives me immense pleasure to inform you that based on the recommendations of National Science Chair Advisory Committee (NSCAC), you have been selected as a National Science Chair (Mode I). Please accept my felicitation for this recognition. I am sure that the award will enable you further to continue your outstanding research and also the mentoring of young scientists, researchers and students.

National Science Chair (Mode I) will receive a fellowship amount of Rs.1,50,000/- per month and research grant of Rs. 25,00,000/- per annum, and it is for a period of three years duration.

It is to apprise you that one can avail NSC only if not in possession of another fellowship/award from SERB or other funding agencies in India or abroad. It is required that one joins within six months from the date of this award letter.

We will appreciate receiving your acceptance of National Science Chair at your earliest convenience.

Dr. Rajeev Mehajan, Scientist-G, Programme Advisor, SERB, will write to you soon and provide the further details about the Chair and necessary documents needed at your end for the commencement of NSC.

With best regards.

## Digital nomadism: students experience of using mobile devices in Delhi Metro

Saleeq Ahmad Dar, Margam Madhusudhan ▾

ISSN: 0741-9058

Publication date: 3 September 2018

### Abstract

#### Purpose

Travel time is considered as the wastage of time, but the ubiquitous nature of mobile devices with Internet has made it possible to use the time for productive activities. This paper aims to focus primarily on the use of mobile devices while travelling in Metrorail and how travel time is being used "productively" as study time and what resources are the students accessing from their mobile devices. In total, 820 students from different colleges in Delhi were randomly chosen for the survey. Using the survey method, the paper explores how students use travel time productively as activity time. The study revealed that browsing Internet, communication, text messaging, accessing social media, etc., are the frequent activities by students while travelling. Majority of respondents stated that their travel time is never productive for value of time. Thinking on different issues that occupy their mind is the most frequent personal activity. "Poor Wi-Fi" connectivity is the highly rated impediment faced by students for uses of mobile devices.
