General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

इसके अलावा, अन्य पिछड़ा वर्ग श्रेणी के अंतर्गत आरक्षण की मांग करने वाले उम्मीदवारों को सक्षम प्राधिकारी (माता-पिता के नियोक्ता / एसडीएम) से एक प्रमाण पत्र लाने की सलाह दी जाती है जिसमें यह पुष्टि हो कि वह ओबीसी के क्रीमी लेयर के अंतर्गत नहीं हैं, और पिता और माँ (अगर कार्यरत हैं) के संबंध में पिछले तीन वर्षों के लिए वार्षिक कुल वेतन को दर्शाते हुए विधिवत प्रमाणीकृत वेतन प्रमाण पत्र भी प्रस्तुत करें।

Dear KUMARI TEENA .,

Congratulations! I am pleased to notify you that you have been admitted to the College of Natural Sciences and Mathematics at the University of Houston for Mathematics, PHD. The requirements for your degree plan can be found on your department's website. Initial course advising will be provided during your department's new student orientation.

We are pleased to offer you a Teaching Assistantship for 9 months with a monthly stipend of \$2176.21. You will receive the Graduate Tuition Fellowship which will cover in-state tuition and mandatory fees for 9 credit hours. To be eligible for the assistantship, you will be required to enroll in a minimum of 9 semester credit hours each Fall and Spring semester. Your employment in an assistantship position and enrollment in a minimum of 9 credit hours qualifies non-Texas residents and international students for a waiver of the additional expense of non-resident tuition. The continuation of this offer is contingent on you maintaining a minimum cumulative grade point average of 3.00 each semester and your satisfactory performance and progression towards your degree and successful performance of your duties. Failure to abide by the department regulations may result in the loss of your support. In the coming days, you will be receiving communications with more details on the terms of your employment, orientations, and other information to get you started.

If you are a resident of the State of Texas, we recommend that you fill out the FAFSA form (Free Application for Federal Student Aid). Texas residents receiving the Graduate Tuition Fellowship must fill out the FAFSA. Other Texas resident students who have filled out the FAFSA form and have demonstrated financial needs may be eligible for the Graduate School Fund, which helps defray some of the tuition costs.

If you are an international applicant who requires a Form I-20 for your F-1 visa, please note that the I-20 request will be processed as soon as you have accepted the admissions offer and submitted all required documents. International students must have health insurance while studying at UH. Upon matriculating at UH, you will be automatically enrolled in the UH student health insurance program. You may be eligible for a waiver if you have your own health insurance from your home country. We strongly recommend that you consult the university website to familiarize yourself with the conditions required for a health insurance waiver (

<http://www.uh.edu/healthcenter/insurance/international-student-health-insurance-requirements/index.php>).

Your myUH ID is located above and is important because it is now your direct connection to managing a wide range of student activities and services - including enrolling in courses, viewing grades, making payments, viewing academic records, and much more. You can familiarize yourself with your myUH portal by going to myUH.uh.edu.

It is the policy of the College of Natural Sciences and Mathematics that all graduate students must maintain continuous enrollment in every Fall and Spring semester. University policy requires that MS students complete their degree within five years of the date of initial enrollment and that PhD students complete their degree requirements within ten years. As specified by the State of Texas, PhD students must complete all degree requirements within 100 PhD semester credit hours or be prepared to pay premium tuition for the additional hours.

Please note, before enrolling in courses, all new graduate students must submit official proof of a completed Bachelor's degree. Students who have earned a three-year Bachelor's degree must also submit official documents for their Master's degree. If we have not received a completed academic record for you, you will not be able to enroll in classes at this time. If you have any questions regarding what materials are missing or how to establish proof of degree, you may contact gradschool@uh.edu.

On behalf of the administration, faculty, and staff, welcome to the University of Houston! We look forward to you joining us this next semester. If you have any questions, please contact the Staff Advisor or Graduate Faculty Chair in your new department.

Sincerely,

William Fitzgibbon , PhD

Graduate Director

Hello Nabasmita,

Congratulations! I am pleased to inform you that you have been recommended for admission into the Biostatistics Ph.D. Program in the Department of Epidemiology and Biostatistics at the College of Human Medicine, Michigan State University.

Most of our Ph.D. students in the Biostatistics program receive financial support from multiple sources. With this letter, we are not yet making a commitment to provide you with financial support. Next steps would be to participate in a (virtual) Open House on February 18 from 1:00 pm to 3:00 pm. In this zoom meeting, you will have the opportunity to introduce yourself to, and meet with, several members of the departmental faculty. We will provide you with additional information about this meeting in the next few days. The Admissions Committee will make funding recommendations and assign academic advisors after the Open House.

Further information on your Certificate of Offer

WHERE YOU ARE IN THE PROCESS

ABOUT YOUR OFFER

Now that you have received your offer of a place on a course, the next stages are an offer of a college place and, provided your application has been made an offer as part of the November, December or January application deadlines for your course, consideration for scholarship funding.

Your college

The college that accepts you will be in touch with you directly. You can expect this within 8-10 weeks. In a few cases, this may take longer; please be assured that this is not a cause for concern. Please note that:

- If you indicated a preference, your preferred college will now consider your application, but your place may not necessarily be at that college.
- If you are successful in obtaining a college-linked scholarship, we may need to move your application to a different college so as to maximise the funding available overall.

Once a college makes you an offer, there are only three grounds on which a change of college during the application process is possible:

- (i) the University moves you to another college as part of the process for securing funding; or
- (ii) as a result of measures to respond to any pandemic (including Covid-19), epidemic or local health emergency; or
- (iii) a different college is required to meet an essential disability requirement. If you believe this is the case, please contact our Disability Advisory Service (DAS) as soon as possible so they can work with you and your college to explore what reasonable adjustments can be made. A change of college on disability grounds will only be possible in exceptional cases and you will be required to provide supporting medical evidence about your disability and its impact.

If you choose to turn down your college place (or exercise any cancellation right that the college gives you), please be aware that this will mean you are also turning down the University place on this Certificate of Offer. This is because the two offers are linked; you must be a member of a college in order to join the University. You can find more information on Oxford colleges at www.graduate.ox.ac.uk/introducingcolleges. If you have any queries, please contact the Graduate Admissions and Recruitment Office by completing an email query at www.graduate.ox.ac.uk/ask.

NOTE - In almost all cases a college place is assured. The only exception is in rare cases arising under the Criminal Convictions Policy. As stated in this Certificate of Offer, candidates must declare any relevant unspent criminal convictions. Following any such declaration the University will follow the Criminal Convictions Policy at www.graduate.ox.ac.uk/criminalconvictions.

Further information on your Certificate of Offer

In rare cases, following risk/safeguarding assessment by the Criminal Convictions Panel (CCP), it is possible no college will be able to offer a place, in which event the University will not be able to admit the candidate.

Your supervisor

Please note that it is possible for a student's allocated supervisor(s) to change, either during the period of study or prior to enrolment. This may occur for a variety of reasons. In the event of a change, your department will be responsible for ensuring that a new supervisor (either temporary or permanent) is appointed as soon as possible and for keeping you fully informed. If your supervisor is listed as 'to be confirmed', this will be confirmed as soon as possible.

Conditions

You must meet all of the conditions in your Certificate of Offer in order to take up your place at the University. The consequences of failing to meet a condition of your offer are set out in the Terms and Conditions.

1) Academic conditions

If your offer has academic conditions, you will need to send the relevant official documentation to us to evidence that you have met your conditions by the date stated in your Certificate of Offer. It will not normally be possible for an offer-holder to take up a place if any conditions are outstanding after this date. If you anticipate any difficulties with this deadline, please contact us as soon as possible.

2) Financial conditions

Financial declaration: Your college will ask you to complete a Financial Declaration form. When making your Financial Declaration, you will need to:

1. show that you have sufficient funding to cover the course fees for Year 1 of your course by providing financial evidence;
2. give your assurance that you are able and willing to meet all your course fees beyond Year 1, if the duration of your course is longer than one year (no financial evidence of this is required); and
3. give your assurance that you are able and willing to meet your living costs for the duration of your course (no financial evidence of this is required).

You can find more information on the Financial Declaration at www.graduate.ox.ac.uk/financialdeclaration.

3) Non-academic conditions

As a condition of your offer you are asked to declare any unspent relevant criminal convictions. You will be able to do this in Graduate Applicant Self Service and will receive further instructions by email.

The University policy at www.graduate.ox.ac.uk/criminalconvictions explains how declared criminal convictions will be dealt with and what constitutes a relevant conviction.

Further information on your Certificate of Offer

It is also a condition of your offer that any information submitted with or in relation to your application (whether to the University or your college) is true, genuine, accurate and complete (i.e. does not omit information you have been asked to provide).

Fees and fee status

Your personal fee status (if not already confirmed in your Certificate of Offer), course fee liability, and likely living costs will be confirmed through the Financial Declaration form.

In the meantime, information on course fees and other living costs, including any continuation charges that will apply, can be found in the Course Information Sheet available at www.graduate.ox.ac.uk/courseinfosheet.

You can find information on how fee status (Home, Islands or Overseas) is determined at www.graduate.ox.ac.uk/feestatus.

Funding

The majority of Oxford scholarship decisions take place between late February and June. After this date, it is unlikely that we will be able to offer funding. If you have applied to any specific schemes, you can find details of the dates by which funding decisions will be made at www.graduate.ox.ac.uk/scholarshipsatoz.

Due to the volume of applications, we are unable to contact unsuccessful applicants individually or provide feedback so if you have not heard back from us by the dates indicated in the scholarship information then please assume that you have been unsuccessful. The scholarship process is very competitive and success is not guaranteed. We therefore advise you to explore all possible funding sources. Further information can be found at www.graduate.ox.ac.uk/funding.

Keeping your contact details up to date

If any of your contact details change, please let us know as soon as possible to ensure you do not miss any important information.

Queries

If you have any questions about this offer or would like to get in touch, please use the contact details provided in your Certificate of Offer.

Further information on your Certificate of Offer

THINGS TO CONSIDER

Accommodation

Accommodation is not guaranteed for graduate applicants, although over 70% of full-time graduate students in their first academic year receive College or University graduate accommodation. When you have received your college offer, your college will explain how to apply for any college accommodation that they may have. The University's Graduate Accommodation Office may also have accommodation for which full-time graduates can apply. Further details are available at www.graduate.ox.ac.uk/accommodation.

Part-time students do not need to meet the University's residence requirements (see www.graduate.ox.ac.uk/residence), and would normally only need to attend Oxford for short periods of time. Your college may be able to provide occasional accommodation for these periods, or there are further suggestions at www.graduate.ox.ac.uk/accommodation.

Disability, long term health conditions and specific learning difficulties

If you have (or think you might have) a disability, and did not declare it in your application, we strongly encourage you to let the Disability Advisory Service (DAS) know as early as possible, so that they can advise on the range of study support that is available. It can take time to arrange support so it is important to start this process without delay. You can find further information on DAS as well as the DAS registration form at www.graduate.ox.ac.uk/das.

Visa application

It is your responsibility to investigate whether you need a visa to study in the UK and to make any application. Before doing so you should make sure you are eligible to apply and meet the requirements.

The majority of applicants requiring a visa to study in the UK for a full-time course will need to apply under the Student Route. See the advice on the University website and a detailed guide to applying for a student visa at www.ox.ac.uk/students/visa/before/studentvisa.

For **part-time courses** we are not able to sponsor you for a student visa, so you should discuss the attendance requirements with your department. The visitor visa/route will allow you to attend for short blocks of study only, or infrequent visits; it will not allow you to attend for the whole duration of the course.

Summer Pre-sessional Course in Academic English

If you are an international student and English is not your first language, you should consider the Oxford University Language Centre's Summer Pre-sessional Course to help you perform at a high level in your studies. You can find out more about this intensive, six-week online programme at www.lang.ox.ac.uk/summer-presessional-english-course.

Further information on your Certificate of Offer

Arriving in Oxford

There is a wealth of information available to help you plan for your arrival in Oxford at www.graduate.ox.ac.uk/newstudent.

Deferral

It is not normally possible to defer your entry unless you are facing exceptional unforeseen circumstances. You can find out more about deferrals at www.graduate.ox.ac.uk/defer. Please note that if you wish to apply for a deferral and you consider that you meet the criteria, you will only be able to do so once you have met all the conditions of your offer.

Complaints

The University's graduate admissions complaints and appeals policy is available at www.graduate.ox.ac.uk/complaints.

The study aims to understand how effective corporate governance practices can contribute to future readiness, long-term sustainability, and adaptability in a dynamic business environment. **Research Design:** This research will adopt a mixed-methods approach, combining both quantitative and qualitative methods. The use of mixed methods will allow for a comprehensive exploration of the topic, enabling the collection of both numerical data and in-depth insights from key stakeholders. **Data Collection:** a. **Quantitative Data: Surveys:** A structured questionnaire will be designed to collect quantitative data from board members, top-level executives, and company stakeholders. The survey will include questions related to the board's composition, diversity, structure, roles, responsibilities, strategic planning, risk management, innovation, and sustainability practices. **Financial Reports:** Relevant financial data and key performance indicators will be gathered from the company's annual reports to assess its financial health and performance over time. b. **Qualitative Data: Interviews:** Semi-structured interviews will be conducted with board members, senior executives, corporate governance experts, and other relevant stakeholders to obtain qualitative insights into their perspectives on the role of the board in future readiness. The interviews will cover topics such as board decision-making processes, strategic planning, risk assessment, talent management, and stakeholder engagement. **Case Studies:** In-depth case studies of select companies with strong corporate governance practices and successful future readiness strategies will be conducted. These case studies will provide rich contextual information and practical examples. **Sample Selection:** The research will target publicly listed companies from various industries to ensure diversity in the sample. Descriptive statistics, correlation analysis, and regression analysis will be conducted to identify significant relationships between corporate governance factors and future readiness indicators. b. **Qualitative Data Analysis:** The data obtained from interviews and case studies will be transcribed and analyzed using thematic analysis. Themes and patterns related to the role of the board in preparing the company for the future will be identified and synthesized. **Ethical Considerations:** The research will adhere to ethical guidelines, ensuring informed consent from participants, confidentiality, and data protection. All participants' identities will be anonymized, and their personal information will be kept secure. **Limitations:** Some potential limitations of this research may include the availability of data, willingness of participants to disclose sensitive information, and the subjectivity of qualitative data analysis. Additionally, as the research will focus on publicly listed companies, the findings might not be fully applicable to privately held firms or nonprofit organizations.

Key board members, senior executives, and relevant stakeholders were interviewed to gain in-depth insights into the board's practices and their perceptions of the board's role in future readiness. Additionally, relevant corporate governance documents, including board charters and strategic planning reports, were analyzed to supplement the interview data. **Results and Findings:** **Board Composition and Diversity:** A well-balanced mix of expertise and experience from diverse backgrounds, including technology, finance, legal, and industry-specific knowledge.
