Candidate Performance Report

Dear Mr. Himanshu Bansal.

On behalf of the CAIA Association, let me be the first to congratulate you on passing your CAIA examination.

Below is a performance profile developed for you to aid in self-assessment by indicating your areas of relative strength and weakness compared to a reference group. This reference group is composed of candidates who scored within the bottom quartile of those who passed the exam in this administration. To create your profile, your performance by topic was compared to the reference group and was categorized into relative performance levels to reflect the distance between your performance and that of candidates in the reference group. More information on how to interpret this Candidate Performance Report is available in the CAIA Candidate Handbook.

User ID: 986700 Level 1 Exam Spring 2023 Result: Pass Percent Who Passed*: 45%

*The percentage of candidates who sat for this exam in this cycle who were successful in passing.

This relative performance profile is provided for your reference only. Examinations are analyzed by candidate number only, and all results are kept confidential. Candidates' actual scores are not released.

Note that your pass/fail status is determined by your performance on the entire examination rather than by your performance on each topic.

	Relative Performance Level**						
Examination Topic (Weights)	Weakest	Lower	Borderline	Higher	Strongest		
Hedge Funds (11% - 17%)				1			
Introduction to Alternative Investments (20% - 28%)					1		
Private Securities (12% - 20%)					1		
Professional Standards and Ethics (15%-25%)				1			
Real Assets (11% - 17%)					1		
Structured Products (10% - 14%)					1		

**Relative performance levels are based on the average score and the standard deviation of the scores of the reference group described above. For example, "Borderline" means that your score in that topic was within 0.5 standard deviations of the average score of the reference group. For more information on the determination of these performance levels, see the CAIA Candidate Handbook.

I hope that you will take the next step and register to sit for the CAIA Level II exam. Please refer to Registration & Fees for all the information you need to register and obtain the study materials.

Again, my congratulations, and I look forward to your future participation in the CAIA Charter program.

Sincerely,

Kristaps Licis Director of Exams CONDUCTOR DESCRIPTION AND A SECOND PROPERTY OF THE RESERVE OF THE PROPERTY OF

General Information

The GATE 2023 score is calculated using the formula

GATE Score =
$$S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2023 scorecard

M, is the qualifying marks for general category candidate in the paper

M, is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multisession papers including all sessions)

S₁ = 350, is the score assigned to M₁ S₂ = 900, is the score assigned to M,

In the GATE 2023 score formula, M_a is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.
