MASTER'S THESIS PROJECT

Location: Department of microbiology, University of Delhi south campus, New Delhi, India.

Project title: Characterization of recombinant chitinase of the thermophilic mould *Myceliophthora thermophila* BJA expressed heterologously in *Escherichia coli* and *Pichia pastoris*.

Brief description of the project: The wild type 46 kDa exochitinase (426 amino acids) from *M. thermophila* BJA had been previously studied in the lab and the partial protein sequence was available (Rohatgi, 2012). Since the gene had two introns, cDNA approach was used for heterologous expression in *E. coli* (using the inducible pET vector) and *P. pastoris* (using the constitutive pGAPZαA vector). The recombinant enzyme (rMtChit) was biochemically characterized and shown to be a thermostable and acid stable exochitinase. Its applicability as a biocontrol agent was shown.

**UNIVERSITY OF DELHI SOUTH CAMPUS
(FACULTY OF INTER-DISCIPLINARY AND APPLIED SCIENCE)**

Ref. No. SF-1/Ph.D/2013/917

Dated 16th January, 2013

With reference to his/her application for admission to the Ph.D. Course in Microbiology Ms Catherine Syongin Paul is hereby informed that the Board of Research Studies at its meeting held on 3rd January, 2013 has provisionally selected her for registration to the Ph.D. Course and has assigned her to Microbiology Department under supervision of Prof. /Dr. Rajeev Kaul on the following title of thesis

Studies on Pathogenesis of Virus Mediated Tumorigenesis

1. His/her admission to Ph.D. Course shall be provisional and the same shall be confirmed only when he/she has qualified in the course work and has completed other requirements such as passing in the oral test etc. to be laid down by the Departmental Research Committee in each case.
2. At the end of the six months, the Advisory Committee shall assess the progress after comprehensive written and/or oral examination.
3. If the Advisory Committee is satisfied, it would recommend confirmation of the provisional admission previously granted and the Board, if satisfied, would confirm the provisional admission.
4. If the overall performance in respect of the above is found not to be satisfactory, he/she shall be required to repeat the same within the next six months when his/her performance would be re-examined. If the performance is again found not to be satisfactory, the Advisory Committee may recommend either a further chance to improve his/her performance or cancellation of the provisional admission granted to him/her.

He/She is further informed that the date of his/her joining and starting research in the Department will be his/her date of registration. He/She is, therefore, requested to intimate this office the date from which he/she started his/her research in the Department. A blank form for Joining Report is enclosed herewith which should be returned to this office duly filled in and signed by his/her supervisor and Head of the Department to enable him/her to deposit the prescribed supervision and other fees with the Cashier, Delhi University, within one week from the date of issue of this letter till failing which his/her selection to the course shall be deemed as cancelled.

His/Her registration is governed by the provisions of Ordinance VI-B relating to Doctorate of Philosophy (Ph.D.) of this University.

In case he/she passed the M.Sc. Examination from a University other than Delhi University, he/she is required to be enrolled as a student of this University. An enrollment form is enclosed, which must be sent to this office duly filled and signed by the Head of the Department immediately after joining the Ph.D. Course. The original certificates may also be produced.

Proposed theme and scope of research for M.Phil./Ph.D.

Molecular Biology and Pathogenesis of Microbial Infections

Major writings in the field in which you would like to pursue your M.Phil./Ph.D.

Molecular biology attempts to acquire a comprehensive understanding of the molecular basis of biological activity between biomolecules in the various systems of a cell, interaction between DNA, RNA & proteins and their biosynthesis. In the broad area of Molecular biology and pathogenesis of microbial infections, the specific areas of research interest include molecular epidemiology of emerging water-borne pathogens like Yersinia enterocolitica and E.coli, and mechanism of antibiotic resistance with special focus on β -lactamase; understanding host pathogen interactions; microbial genomics and proteomics.

Primary sources/field work, methodology, hypothesis/research, questions and issues in the proposed field of interest.

"CHARACTERIZATION OF HISTONE ACETYLTRANSFERASE HAT4 IN THE PROTOZOAN LEISHMANIA DONOVANI"

1. His/her admission to Ph.D. Course shall be provisional and the same shall be confirmed only when he/she has qualified in the course work and has completed other requirements such as passing in the oral test etc. to be laid down by the Departmental Research Committee in each case.
2. At the end of the six months, the Advisory Committee shall assess the progress after comprehensive written and/or oral examination.
3. If the Advisory Committee is satisfied, it would recommend confirmation of the provisional admission previously granted and the Board, if satisfied, would confirm the provisional admission.
4. If the overall performance in respect of the above is found not to be satisfactory, he/she shall be required to repeat the same within the next six months when his/her performance would be re-examined. If the performance is again found not to be satisfactory, the Advisory Committee may recommend either a further chance to improve his/her performance or cancellation of the provisional admission granted to him/her.

He/She is further informed that the date of his/her joining and starting research in the Department will be his/her date of registration. He/She is, therefore, requested to intimate this office the date from which he/she started his/her research in the Department. A blank form for Joining Report is enclosed herewith which should be returned to this office duly filled in and signed by his/her supervisor and Head of the Department to enable him/her to deposit the prescribed supervision and other fees with the Cashier, Delhi University, within one week from the date of issue of this letter till..... failing which his/her selection to the course shall be deemed as cancelled.

His/Her registration is governed by the provisions of Ordinance VI-B relating to Doctorate of Philosophy (Ph.D.) of this University (a copy is enclosed).

In case he/she passed the M.Sc. Examination from a University other than Delhi University, he/she is required to be enrolled as a student of this University. An enrollment form is enclosed, which must be sent to this office duly filled and signed by the Head of the Department immediately after joining the Ph.D. Course. The original certificates may also be produced.

UNIVERSITY OF DELHI SOUTH CAMPUS
(FACULTY OF INTER-DISCIPLINARY AND APPLIED SCIENCE)

Ref. No. SF-1/Ph.D/2013/942

Dated: 25th July, 2013

With reference to her application for admission to the Ph.D Course in Microbiology Ms. Poonam is hereby informed that the Board of Research Studies at its meeting held on 22nd July, 2013 has provisionally selected her for registration to the Ph.D. Course and has assigned her to Microbiology Department under supervision of Prof. Rani Gupta on the following title of thesis:

"STUDY OF LIPASES FROM YEAST YARROWIA LIPOLYTICA."

1. His/her admission to Ph.D. Course shall be provisional and the same shall be confirmed only when he/she has qualified in the course work and has completed other requirements such as passing in the oral test etc. to be laid down by the Departmental Research Committee in each case.
2. At the end of the six months, the Advisory Committee shall assess the progress after comprehensive written and/or oral examination.
3. If the Advisory Committee is satisfied, it would recommend confirmation of the provisional admission previously granted and the Board, if satisfied, would confirm the provisional admission.
4. If the overall performance in respect of the above is found not to be satisfactory, he/she shall be required to repeat the same within the next six months when his/her performance would be re-examined. If the performance is again found not to be satisfactory, the Advisory Committee may recommend either a further chance to improve his/her performance or cancellation of the provisional admission granted to him/her.

He/She is further informed that the date of his/her joining and starting research in the Department will be his/her date of registration. He/She is, therefore, requested to intimate this office the date from which he/she started his/her research in the Department. A blank form for Joining Report is enclosed herewith which should be returned to this office duly filled in and signed by his/her supervisor and Head of the Department to enable him/her to deposit the prescribed supervision and other fees with the Cashier, Delhi University, within one week from the date of issue of this letter till failing which his/her selection to the course shall be deemed as cancelled.

His/Her registration is governed by the provisions of Ordinance VI-B relating to Doctorate of Philosophy (Ph.D.) of this University (a copy is enclosed).

In case he/she passed the M.Sc. Examination from a University other than Delhi University, he/she is required to be enrolled as a student of this University. An enrollment form is enclosed, which must be sent to this office duly filled and signed by the Head of the Department immediately after joining the Ph.D. Course. The original certificates may also be produced.

Proposed theme and scope of research for M.Phil./Ph.D.

'Industrial, Food and Environmental Microbiology'

Major writings in the field in which you would like to pursue your M.Phil./Ph.D.

Production of industrially important microbial enzymes, biofuels, bioactive compounds and carbohydrates, meta-genomics, structure function analysis and molecular modification of enzymes, lignocellulose biodegradation, ethanol production from lignocellulose, molecular biology of lignin degradation, carbon sequestration using heterotrophs, bioremediation, gene expression and bioprocess engineering.

Primary sources/field work, methodology, hypothesis/research, questions and issues in the proposed field of interest.
