Dear Mr Pant,

With reference to the Research Project proposal concerning

'Stable Isotopic Signature of Rainfall in Delhi, India'

that you have submitted to participate in the Coordinated Research Project (CRP):

" Isotope Data Networks for Precipitation, Rivers, and Groundwater (F30056)."

I am pleased to inform you that the Director General has decided to fund this project, in the amount of € 6 500 (Six Thousand Five Hundred) for the period indicated in the contract. You will, therefore, find attached IAEA Research Contract No. 23058/R0.

As of 2016, Research Contracts are generally awarded for the entire duration of the CRP. Please refer to the templates located on <http://era.iaea.org/era/forms.html> to submit the annual progress reports in a timely manner as referred in Article 3 of the Contract.

Please note that one of the substantial conditions of the Contract is that you yourself will serve as Chief Scientific Investigator for the Project. Should this cease to be the case, the IAEA must be informed promptly and the Contract will be re-assessed.

With reference to Article 4 of the Contract, may I note that the IAEA welcomes and encourages publication, in conformity with the specified requirements, of data connected with this Research Project.

It would be appreciated if you could supply the IAEA with a digital copy of every publication made by the Contractor or by persons on his staff in connection with the Project, and you may wish to note that any reference to the IAEA should include the full name rather than any abbreviated form.

With reference to Article 6 of the Contract, it is the policy of the IAEA to make payments under research contracts by bank transfer in favor of the contracting Institute.

With reference to Article 7.3 of the Contract, please refer to the IAEA Safety Standards that can be downloaded from the IAEA website: <http://www-ns.iaea.org/standards/>.

If the terms of the Contract and the Annex(es) thereto are satisfactory, please have the Contract signed by the legally authorized person at your institute and return it to the IAEA Research Contracts Administration Section within 60 days or the offer of this Contract may be withdrawn.

The Research Contracts Administration Section will be responsible for the administration of the Contract.

Mr Araguás Araguás, Luis J. of the Isotope Hydrology Section has been named Project Officer for this Contract and will be responsible for all scientific aspects, and can be contacted for answers to technical questions. There is no need to contact the Research Contracts Administration Section and the Project Officer separately as close contact is maintained on all matters relating to the Contract.

With best wishes for the development of the project, I am,

Yours sincerely,

This is to certify that
this is the scanned copy of
the CRP received from IAEA
Vienna
